Mayor stated that the City of Parsons has a water pressure problem by the Parsons Airport, McCall, and RDI. Officials from the Kolpak factory met with him and the Decatur County Mayor, Kenneth Broadway to see what needs to be done. This problem effects Tenn. Ave South, Fla Ave, Virginia, and Georgia Ave South. We may be able to tie into an 8: line. The North Plant areas also have problems. We are filling for a Tipps Grant.

This can probably be done in two projects, and is consider as an imminent/threat. With the County's help maybe this can be corrected. Mayor stated this is a Fire Protection problem and something has to be done.

Motion to adjourn by Mark Davis. Second by Joe Don White Vote: All Ayes.
