Communications from Mayor: Mayor stated that the New Municipal building final cost is \$40,000.00 under budget.

Woodland Shores gas line is in the almost of being finished with several new gas customers being added to the gas system.

T-Dot & our Architect and Engineers met, and everything was ok with downtown design. Then T-Dot officials stated that they could go along with everything except the trees in the median. Design is still in process. They also discussed a 4-way Stop at 4th Street. T-Dot officials say they would go along with this the only thing if we do it, it creates real problems if we take it out later. We may want to do the downtown design first to see if it will slow traffic down, and if it doesn't come back and do the 4-way stop.
