

MEETING MINUTES

PUBLIC INPUT:

Speakers: Chuck Crawley

Topic: Potential Gas Line Extension on Mount Carmel Rd

Summary of Comments: Mr. Crawley was asked to represent a group of people in the Mount Carmel area that would like to petition to extend the natural gas line further down Mount Carmel Rd to serve more customers. He has obtained 40 signatures. They are requesting five miles. Per the Ordinance, 8 customers per mile is required to qualify for a gas line extension with paid gas tap fees. If not, the ordinance requires payment in the amount of \$13,200.00 per mile. Once all 40 residents pay and sign up for all the gas taps this project could begin without involving the city council. The city council would only intervene and deliberate if a request falls outside of the established approved policies.
